

Helping the Region talk with the world

As part of the Regional Language Network North East team (RLN NE), the FBC continues to help SMEs and larger businesses based in Co. Durham and Northumberland to develop their international communication skills. In the past year, Sylvie Larocque and Wibke Baumann provided customised support and information to over 50 companies looking to improve their business abroad.

Many companies can already be identified as examples of best practice. To mention just a few, these include Ebac Ltd, Pimpernel International Ltd and BHK (UK) Ltd in Co. Durham, and Hedley Purvis, Rhodia Pharma Solutions and Jackel International Ltd in Northumberland.

If your company is based in Co. Durham or Northumberland and you would like to know more about how we can help you further develop your international business, please contact either Wibke or Sylvie on 0191 233-6315.
